Summer Opportunities

Prerequisite: approval by the department in accordance with the policy for granting credit for Cooperative Education programs.

Academics

Usually, students for summer research programs are selected before the

Filesize: 65.93 MB

application is submitted.

Academics

Students must submit a professional quality written report and present results to a panel of consultants.

Undergraduate Programs < MIT

The project description of each proposal must include details on the research focus and two sample research problems.

Undergraduate Programs

The academy focuses on preparing students for the extensive process of applying and gaining admission to medical school. It offers an incredible array of academic programs; a diverse, committed, and accessible faculty; sophisticated facilities; and an unusual emphasis on experiential learning. Classroom Interactions in STEM Education.

Amgen Scholars

More than 550 student-athletes compete each year in 20 intercollegiate sports—12 for women and eight for men.

Eligibility

Industrial Technology Concentration This program is designed to prepare students to enter industry as supervisors, technical managers, or trainers.
