Certification Exam Preparation Courses

NASP provides training, consultative services, and professional certifications in the workplace safety industry.

CSP Certification Exam Prep Course & Study Guide

You'll get no benefit from owning this document.

Guide to Environmental Health Safety (EHS) Acronyms

About This Course This course prepares you for the Associate Safety Professional ASP certification exam by reviewing occupational safety and health OSH concepts and test-taking strategies.

ASP Certification Exam Prep Course & Study Guide

I just want to thank you again, and hope you have continued success in your ventures. I'm really not trying to be picky, but it is distracting when sentences don't make sense, when I'm expecting to study for a professional exam and the writer doesn't know the difference between ensure and insure, and when the questions in the practice test have the wrong answers marked as correct! If you are outside during peak hours, use sunscreen, protective clothing and stay in the shade when possible.

Guide to Environmental Health Safety (EHS) Acronyms

The review topics at the front of this book were not reflective of the actual content of the CSP exam. Also, keep a sun shirt or jacket in your car so that you'll have sun protection on hand if you suddenly decide to spend time outdoors.
