From its initial entry into the Japanese intellectual world in the late 1800s, Marxist analysis quickly came to constitute a vast and osmotic field that permeated all aspects of academic life, historical thought,

forms of political organisation, and ways of analysing the social condition. Numerous examples testify to this, including the striking fact that the first Collected Works of Marx and Engels in the world was not published in German, Russian, French or English, but in Japanese, by Kaizōsha publishing house in 1932 in 35 volumes, overseen by Sakisaka Itsurō. In: Takashima Town Regional Health Study Group ed.

Marxist Theory in Japan: A Critical Overview

This debate, while central to Marxist theory, had an exceptionally broad influence on the formation of Japanese social thought, and on the formation of the modern Japanese social sciences in general.
