### What Divides Us: Stratification

Class systems such as in the United States are thought to be open, meaning that social mobility is relatively high. They also stated that the more skill required for a job, the fewer qualified people there would be to do that job. Additionally, this power can be manifested as the capacity to control the distribution of resources and determine the opportunities, rights, and obligations of others.

### Social Stratification in the United States Visualization

Like life itself, whether you eventually win or lose the game is a matter of both luck and skill. Prejudice and discrimination—whether against a certain race, ethnicity, religion, or the like—can become a causal factor by creating and aggravating conditions of economic inequality, both within and between nations.

### Stratification, Stratification And Social Structure Essay

The division of society is thus, a feature typical to the nature or behavior of humans as a combined group. Certain jobs, such as cleaning hallways or answering phones, do not require much skill.

### What Divides Us: Stratification

They also legally owned the serfs. This class, being exceptionally rich, lives in extravagance as regards their homesteads and their social places. Test your class rank on the interactive site: References Huot, Anne E.

### Chapter 9 social stratification in the united states

Functionalists will examine the purpose of such high salaries, while conflict theorists will study the exorbitant salaries as an unfair distribution of money. When explorers began traveling, societies began trading goods, as well as ideas and customs. Social Class Segmentation Reveals Class Characteristics.

## **Social Stratification in the United States**

Scope: This pathfinder is designed primarily for high school and undergraduate college students interested in the fields of social stratification, inequality, social class, and wealth distribution. Individuals over eighteen living with parents, elderly individuals living with relatives, and people in institutions such as the armed forces, prisons, and mental hospitals, are not included. Generations of teachers, union organizers, and activists have relied on this book-and-poster set, originally published in 1979, to illustrate the magnitude of America's economic dividewhich has only grown ever since.
