## 1945

The enemy had also targeted major centres of industry. Likewise, the British Royal Navy was criticised for failing to prevent the raid. Class enmities flourished; social and economic inequalities remained palpable.

## The Origins of the Cold War

Despite strong warnings that it was a bad idea, the War Cabinet in 1918. With the City of London the world's financial capital, it was possible to handle finances smoothly; in all Britain spent 4 million pounds everyday on the war effort. Believe it or not, the same military we have that fought over there, can defend our border over here, without having to travel.

## Aftermath of World War I

The formation of the new service however would make the under utilised men and machines of the RNAS available for action across , as well as ending the inter-service rivalries that at times had adversely affected aircraft procurement. Women were also allowed to join the armed forces in a non-combatant role and by the end of the War 80,000 women had joined the armed forces in auxiliary roles such as nursing and cooking. Further complicating the situation, delegations such as the Czechs and Slovenians made strong claims on some German-speaking territories.

## 1945

The nation responded to its newfound problems by dividing sharply between those who favored the solutions of the far left and those who favored the solutions of the far right.
