Torny Wickman and photographer Lars Bjorne during 1969 and 1970 made two films that are early attempts to predict the development of the genre from soft-core sexploitation to hard-core, as depicted in a film by that fame starring George C.

The Old Reader

Folktales Told Around the World. And this master narrative is as much in evidence in the later short fiction, hence the shifting character of the stories in Hövdingaminnen , even if they only occasionally touch upon the same subject matter as the plays. But the stories had to be moralized, turned into instruments of learning--scientific learning.
