The Post Corporate World: Life After Capitalism eBook: Korten, David C: mikhmon.us.to.au: Kindle Store

Those who defend capitalism argue that, as consumption switches from goods to services, economic growth can be decoupled from the use of material resources.

The Post Corporate World: Life After Capitalism eBook: Korten, David C: mikhmon.us.to.au: Kindle Store

It strikes me that a communist world would radically alter the meaning of words like value and work. This capitalist creation of ever greater abundance in ever shorter time continues despite academic denials, political upheavals, and doomsday Adventists on the mountaintops of the media.

What will the world be like after coronavirus? Four possible futures

In 1991 there were 274 billionaires in the world. Most of the responsibility and initiative in negotiating a transition from capitalism to democracy and mindful market economies must come from citizen movements at local and national levels.

Life After Capitalism

Review Breathes new life into healthy economic alternatives by providing individuals with viable options for changing their lives. Capitalism, by contrast, is about using money to make money for people who already have more of it than they need.
