Gamze and Glatzer currently own shares together in more than 30 nursing homes in at least eight states, according to federal ownership data.

Methods for De

Stakeholder input suggests that a process may require several iterations until the expert and data managers agree upon an acceptable solution. Despite management's alleged efforts to appear well-equipped, inspectors found Orinda Care Center wasn't properly or consistently using PPE. But it's hard for states to prove that these arrangements aren't legitimate, she added.
