### Child Care/Out of School

Fact Sheet on School-Age Children.

**9780917505188**

Hunger and thirst can make it difficult for students to focus. Children who participated more frequently had better work habits, better interpersonal skills, engaged in less misconduct in their neighborhoods and at school, and missed less school.

### Child Care/Out of School

Those who spend more hours on their own and begin self-care at younger ages are at increased risk of poor outcomes. School-Age Children With Special Needs: What Do They Do When School Is Out? School-age child care comes of age. Recent study with positive outcomes for children participating in after-school programs.
