Ten ways to improve road safety

As the classes progress, they start to understand that actions...choices, are more to blame than any circumstance. The scope of your health and safety program depends on the size of your business and the hazards at your particular workplace.

How to Change or Improve Attitudes in the Workplace: 27 Tips

These solutions, which are a unique combination of insurance, service and technology, are available to business partners or via direct and digital channels under four commercial brands: Allianz Assistance, Allianz Care, Allianz Travel and Allianz Automotive.

How can we improve road safety in our cities?

They are asked to describe the face to the rest of the class and explain why they chose it. Without sidetracking for explanations, we can draw at least one simple idea from this past: a dense, foot-based city can generate high rates of fatalities.

Group calls for mobile modifications to improve road safety

Seatbelts keep the driver in an upright position which allows them to maintain control of the vehicle. Pedestrians also know the rules of walking on the road like proper use of crosswalks, use of zebra crossing, etc.

How can we improve road safety in our cities?

Over 30% of those killed and injured in road traffic crashes are less than 25 years old. Encourage them to share their ideas and thoughts on how to improve safety in the workplace.
