But it is apparently possible to exercise one's brain too. It is just as important to practice regularly.

**Desamunu Preminchumanna**

Therefore it can continue growing into old age.

**50languages English US**

Every input is processed in the brain. It evolved from the Vulgar Latin of the Roman soldiers.

They were able to show that our brain remains agile for a lifetime.

**Bhartruhari Sataka Trisati**

It is different in Brazil.

The volume of the speech center increases.

**Bhartruhari Sataka Trisati**

This principle holds true for both young and old people equally. The area that controls motor skills also processes new content.

**Desamunu Preminchumanna**

It is also an important world language. The language spoken there exhibits a few peculiarities and is considered its own form.
