Five Ways to Make Geometry Memorable

Our youngsters need to be able to handle money wisely.

840 Geometry Teaching Ideas

See halves and thirds as an example of what can be done to these shapes. A former student of mine told me in a written earlier this year that even though she was a senior in high school, the Buzz Lightyear reference was still going strong with her! Being able to read through it and make sense of it requires knowing big and small numbers, statistics, probability, and percents. Students will turn over a card from each pile and if the fraction matches the shaded shape, they keep the set and go again.

How to help students understand high school geometry?

You can skip pages, rearrange the order in which to teach the material, supplement it, and so on. Sites such as and help teachers find thousands of fun lessons, and they are organized by grade level.

Geometry Lesson Plan, Teaching Elementary Math, Geometric Shapes Worksheet

Geometry Anchor Charts Anchor charts are a great way to introduce a math concept. And then: do you like math? Take your time and stop every so often to call on a student. Ask them also to rotate them

The Teaching of Geometry by David Eugene Smith

Their brains really go into action as they seek the right-height partners to make isosceles, scalene, and equilateral triangles. In fact, games are nice for reinforcing just about any math topic.

Why Learn Geometry? Definition and Uses

Don't try to be Super Hero Don't try to be a super hero just do your job. There are lots of story books math readers that teach math concepts -
