## Unified Facilities Criteria (UFC)

Further, when one party controls the electromagnetic spectrum in an area, their adversaries do not have that control, denying those adversaries the use of accurate navigation, positioning, communications, and other capabilities needed to operate effectively.

Federal :: Notice of Intent To Prepare an Environmental Impact Statement for Patuxent River Complex Testing and Training and To Announce Public Scoping Meetings

The facility provides monostatic and bistatic radar signature characterization and diagnostics of test objects.

## **Unified Facilities Criteria (UFC)**

The complex consists of a blockhouse with a GOW-5 Launch Sequencer and three pads.

**Federal :: Notice of Intent To Prepare an Environmental Impact Statement for Patuxent River Complex Testing and Training and To Announce Public Scoping Meetings**

His focus now is on air crew awareness, proper equipment fit and educating aviators on how to maximize their physical condition to better withstand the hostile environment in the cockpit. Delivering at every stage of the EW lifecycle BAE Systems supports all stages of the Electronic Warfare product lifecycle —development, production, and sustainment. He attributes its success to program office and NAVAIR leadership empowering and providing resource support to the multifaceted HhART Team, led by the PE IPT and comprised of data scientists and technical experts from NAVAIR, Naval Air Warfare Center Training Systems Division, Naval Sea Systems Command, the Carderock Division of the Naval Surface Warfare Center, the Center for Naval Analyses and The Boeing Company.

### **Electronic Warfare: Electronic Protection & Attack**

In 1974, some 50 thousand passengers on five thousand flights were cleared through the Station. A deep and diverse knowledge base allows Code 633 to find solutions and swiftly determine missing information when a sponsor approaches NSWCCD with environmental issues. The surface launching and ordnance facilities at Point Mugu support operations on the Sea Range.

### **Air Warfare Centre**

Architecture, Engineering, Consulting, Operations, and Maintenance AECOM Technical Services Inc. In July 1979, the mission and functions of the National Parachute Test Range in El Centro were transferred to China Lake.
