. In the sixties the student revolution affected all universities.

Contending with Modernity: Catholic Higher Education in the Twentieth Century

But the institutional diversity of Catholic higher education, compounded by the theological fragmentation of recent years, militates against any centralized solution to this ideological crisis. Here he describes the congruence between conservatism in Catholic higher education and the intellectual revival of scholastic philosophy and theology.

Books in Review: Contending with Modernity

Some readers will be surprised, perhaps horrified, to read that Commonweal, which has taught recent generations how to practice safe Catholicism, had its origins amidst the Catholic antimodernism of the twenties. Above all, what Gleason shows is that Neoscholasticism—the revival of the Christian philosophy of St.
