La manera del padre desafía al niño a ampliar su vocabulario y sus habilidades lingüísticas, un elemento importante del éxito académico. Fathers encourage independence while mothers encourage security. Interestingly, one of the strongest benefits was a substantial increase in a daughter's verbal skills.

## Appreciating How Fathers Give Children a Head Start

Educational psychologist Paul Amato explains that this higher level of self-control in school children with involved fathers was also associated with many other healthy qualities, such as improved general life skills, self-esteem, and higher social skills. Among the western nations particular attention is given to the United States, Sweden, and the former U. Los padres crian diferente La diferencia entre la madre y el padre proporciona una importante diversidad de experiencias para los niños.

## Mother

Head Start programs can help to strengthen the parenting partnership, and help fathers to be more effective in their children's lives.
