. Pour recevoir à l'avance le programme et les résumés de chaque séminaire, veuillez vous abonner en envoyant un mail à , en indiquant : subscribe bourbaki-public Prénom Nom.

Séminaire N. Bourbaki

This turns out to lead to interesting connections between various issues in number theory, analysis, mathematical physics and probability, such as branching random walk and multiplicative chaos. We review comments before they are posted, and those that are offensive, abusive, off topic or promoting a commercial product, person or website will not be posted.

online resources

We have 1964 to present in Shelved under: QA3. Vous pouvez aussi ajouter à vos calendriers électroniques les agendas hébergés sur le : et format iCalendar Remerciements Une subvention du CNRS couvre une partie des frais d'organisation de ce Séminaire. Bourbaki seront distribuées au début de chaque séance ; 300 exemplaires seront disponibles au cours de cette session.

Séminaire Nicolas Bourbaki (1950)

It is one of the major institutions of contemporary mathematics, and a barometer of mathematical achievement, fashion, and reputation.

Seminaire Bourbaki
