These views can now be seen as an early example of the new ways of looking at the formation of the Homeric epics that would soon gain traction in the scholarly world. Together they set off for the Troad, and the expedition then went south into Syria before returning to Athens.

Robert Wood and the Eighteenth

The interesting and perhaps surprising truth is that neither Wood, nor any of the eighteenth-century travellers and topographers who visited, were really looking for the remains of ancient Troy. Co MLA Citation Wood, Robert.

An essay on the original genius and writings of Homer: with a comparative view of the ancient and present state of the Troade.. : Wood, Robert, 1717?

This article considers his influential predecessor Robert Wood, who looked for the site of Troy, and explores some of the reasons that eighteenth-century quests for the lost city remained inconclusive. His journey to the source of the Scamander was a more thorough exploration than had been made by most earlier visitors, who usually hugged the coast and did not go inland, not least because the area was full of brigands and could be very

dangerous. There were three main reasons for this.
