The Tantric Rebirth Movement in Modern China, Esoteric Buddhism re-vivified by the Japanese and Tibetan traditions. In this state, all limitations on one's ability to help other living beings are removed. The choices of which topics to discuss and how much space to give them reflect my own orientation, which is primarily concerned with philosophy, and meditative practice.

Understanding Tibetan Buddhism

Since I and other beings both, in wanting happiness, are equal and alike, what difference is there to distinguish us, that I should strive to have my bliss alone? Without Khyentse and Kongtrul's collecting and printing of rare works, the suppression of Buddhism by the Communists would have been much more final.

The degree to which information on Vajrayāna is now public in western languages is controversial among Tibetan Buddhists.
