### Infrastructure Critical

Personally, I am not that interested in philosophical debates about open borders in general or who constitutes the demos. But I want to give the court due respect. Rather, a significant portion of that majority was confronted by how the basic structural

Filesize: 11.57 MB

hierarchies within the society reproduced unfreedom for them as well.

### Preempting Dissent (by Greg Elmer & Andy Opel)

There is no magic discursive frame—creedal or otherwise—that will somehow paper over the conflicts or make the challenge less difficult.

### Exploring New Configurations of Network Politics

We initially hosted subscriptions on our own website, but the admin and technical maintenance massively distracted us from our editorial tasks.

### Impeachment of Trump Is an Effort to Silence Dissent

He also looks at the participatory democracy that governs global social movements and the ways the movement's twin ideologies, democracy and decentralization, have come into tension, and how what he calls the switchboard of struggle conducts stories of shared struggle from the hyper-local and dispersed worldwide. Britton-Purdy: I think this is a powerful case, particularly about the southern border. One might say—and many have—that despite these problems, the Green New Deal is so much better than the status quo, and is the best option we have.

### PROJECTS

We see the merit of these arguments.
