One question is whether happiness, thus conceived, is very important. Some skeptics, for example, focus on relatively weak conceptions of happiness, such as the idea that it is little more than the simple emotion of feeling happy—an idea that few hedonists or emotional state theorists would accept.

Kyle is heartbroken until Alina invites him to take her open butt flap for a spin with his hard cock. One concern is whether people often enough have well-grounded attitudes of life satisfaction or dissatisfaction.

**Happiness (Stanford Encyclopedia of Philosophy)**

But the last claim—that material prosperity has relatively modest impacts on happiness—has lately become the subject of heated debate. Even later writers such as Mill may have used the term in its well-being sense, though it is often difficult to tell since well-being itself is often taken to consist in mental states like pleasure.

**Entertainment & Arts**

For example, a deeply distressed individual might distract herself enough with constant activity to maintain a mostly pleasant existence—broken only by tearful breakdowns during the odd quiet moment—thus perhaps counting as happy on a hedonistic but not emotional state view.

**Entertainment & Arts**

Where these views chiefly differ is not on the importance of being good, but on whether being good necessarily benefits us.
