Catherine (Alexander) Rutherford (1724)

Eighty-five different pedigrees of royal descendants have been traced by the author and are included in this work.

Elizabeth (Alexander) Stevens (1726)

However, there are no known mtDNA test-takers in her direct maternal line. If the original book was published in multiple volumes then this reprint is of only one volume, not the whole set. Some of Royal Descent

You may even discover that you are a descendent of royalty! In addition to being members of these two societies, many of the Americans whose lineages are included in this work were members of the various state societies of the Colonial Dames. We expect that you will understand our compulsion in these books. Have you ever wondered if you are related to royalty? This work is both fun and interesting.
