All parents desire the best possible education for their children in an in-depth and positive learning environment that will prepare them for future challenges in an increasingly borderless world. Furthermore, teachers and students have been engaged and authorized in different management committees. Now, the pass rate has significantly improved.

New Ways Of Teaching and Learning Improve the Quality of Education in Cambodia

The analyses of the data reveal that the implementation of SBM has helped the key stakeholders decide and manage different activities and programs in the school. One hundred existing schools are being improved by constructing or renovating school infrastructure and supporting schools and teachers to provide the right conditions for effective teaching and learning while 30 new schools will be constructed. Therefore, it is essential to see what SBM is and how it works in a multi-layer school context.
