The young people weren't afraid to examine their history and they didn't buy some lame-ass excuse about following orders. But then most of the reviewers had parents or grandparents that participated in the atrocities. This book does an excellent job of putting the Goldhagen thesis in proper perspective.

Unwilling Germans? — University of Minnesota Press

Yet paradoxically credits the Germans as having over-come this recently. This book collects many of the articles about the book that appeared in Germany. The main argument of his book is that Germans committed the unthinkable acts of the Holocaust because they were forced to but out of a deeply held conviction that killing Jews was morally just.
