### Products Guide

The Japanese crane's reserved character and graceful appearance, and the cultural association of seeing the crane in flight as an auspicious sign, make the crane an ideal symbol to represent the excellent quality of our sake. Ginjo-Shu special brew sake Rice polished by 40% or more is used for the material, with the alcohol made by fermentation for a long period of time at low temperature; this is one of the special sake. In those days, many sake brand names were used in common, such as Masamune or Tsuru, and it was difficult to tell which brewery a sake came from by its name.

### Products Guide

Advanced technologies are necessary and high production costs are involved. Records show that the company started with a single brewhouse and had a total production volume of 32 kiloliters. The Hakutsuru Sake Brewing Company was founded in 1743, in the middle of Japan's Edo period.

### Products Guide

Consumption of alcoholic beverages during pregnancy and the nursing period may be harmful to your child's health.

## HAKUTSURU SAKE(Japan's #1 Selling Brand)
