### NEA Nuclear Law Bulletin No. 66

It is not enough for someone to know merely what the statutory line states and to be allowed to seek compliance and yet not to recognise competence. Without a vote, it adopted drafts on Role of science and technology in the context of international security and disarmament L. Agreement for nuclear cooperation until the end of 1987.

### NEA Nuclear Law Bulletin No. 66

In this context, the Arab Republic of Egypt proposes that the following items be included on the Forum's Agenda : 2. Furthermore, the JAA joint certifications and validations and now the EASA certifications and validations , leading to the issue of a common TC, have further simplified the matter.

### Aeronautical Agreements and Arrangements

It endorsed a comprehensive convention on nuclear weapons and called for the urgent commencement of negotiations in the Conference on Disarmament for that purpose. By its terms, the Assembly, bearing in mind that the use of nuclear weapons posed the most serious threat to mankind and convinced that the proliferation of nuclear weapons in all its aspects would seriously enhance the danger of nuclear war, requested the five nuclear-weapon States to take measures towards the implementation of a review of nuclear doctrines and steps to reduce the risks of the use of nuclear weapons.

### Bilateral, regional, and multilateral agreements relating to co

Israel takes the view that safeguards, as well as all other regional security issues, cannot be addressed in isolation from the regional peace process but only within the context of a just and lasting peace settlement. Peaceful Use of Nuclear Energy 1 Chernobyl Nuclear Power Accident and International Cooperation a A fatal nuclear power plant accident at Chernobyl in the Soviet in April 1986 had worldwide repercussions and made

the people across the world aware of the need of not only securing safety in the utilization of nuclear energy but international cooperation at the time of an accident as well. The aim of this assessment is to ensure that the imported product meets a level of safety equivalent to that provided by the applicable laws, regulations, and requirements that would be effective for a similar product in the importing state.

### **Regional trade agreements**

This and other reports had also suggested modalities for verifying compliance with those obligations. The first of these, a 600 MW GE reactor, became critical in November 1977; the other five are scheduled to start up in 1978, 1980, 1981, 1983, and 1984.

### **TREATIES OF NIGERIA**

In all fairness, while this puts responsibility where it belongs, it calls for inspectors that have been active, and thus are knowledgeable, in the field. Remaining vigilant against emerging threats, we are also coordinating in bilateral working groups to address challenges in new domains such as space and cyberspace.
