A Quantitative Task Continuum for K

Students began to talk to each other, think through complex problems, rely less on me and more on each other and best of all had better success in the courses I taught. Everything You Need for Mathematics Coaching: Tools, Plans, and a Process That Works for Any Instructional Leader, Grades K

. Should you need additional information or have questions regarding the HEOA information provided for this title, including what is new to this edition, please email.

Building Thinking Classrooms in Mathematics, Grades K

He digs deeply and concisely into what it means to teach, learn, and assess in a thinking mathematics classroom

Math courses of study

This engaging book has taken all the pieces that I have heard and seen and presents them in an easy to read, and more importantly, actionable package.

Building Thinking Classrooms in Mathematics, Grades K

This book is a 'must read' for all those interested in mathematics pedagogy. David Auckly, 785-532-0577, email dav.math. It is clear Liljedahl understands the students I teach in his list of student behaviors and this book outlines methods to increase the thinking and engagement of all my students.
