How to Ozonate Olive Oil and Traditional Uses

It is not to be construed as medical advice. This is why many people are now turning to hydrogen peroxide to supplement this vital oxygen. Want to Contact the Editor? Toothpaste: Use baking soda and add enough 3% H₂O₂ to make a paste.

H₂O₂ Uses

Facebook will remove any article identified as coming from educate-yourself. For seriously deeply penetrating mold repeat the entire procedure 24 hours after the second application making sure to allow the area to be completely saturated with the peroxide for the duration between applications.

Articles on Hydrogen Peroxide

Hydrogen peroxide is sold in drug stores and grocery stores as an antiseptic; it has been around for many years. Get a gallon of distilled water; take out 20 ounces of water and replace with 20 ounces of 3% food grade hydrogen peroxide and you will have the proper solution.

Charles Marchand: Therapeutical Applications of Hydrozone adn Gleozone (Hydrogen Peroxide)

Douche: Add 6 tablespoons of 3% H₂O₂ to a quart of warm distilled water. Diluting 35% Food Grade Hydrogen Peroxide down to 31.

The Therapeutical Applications of Peroxide of Hydrogen (Medicinal), Glycozone and Hydrozone

This extra atom of oxygen splits off very easily, and does so when it comes in contact with water.

The Therapeutical Applications of Hydrozone and Glycozone by Charles Marchand (pub. 1904)

Some of the terpene gas remains trapped within the oil, and some is released into the environment. Please do not apply the techniques or the information on this web site if you are not willing to assume the risk. Add a dash of liquid chlorophyll for flavoring if desired.

For doctor referrals, you may write or call: P. One fluid ounce of Hydrozone being mixed with one fluid ounce of distilled water will give two fluid ounces of 15 Vol H₂O₂ solution. He led me to believe that it's a powerful germicidal, but that it was also dangerous, for some unexplained reason, and that you might get too much of it if you overdid it! Some six hours later the patient was sitting up in bed and requesting food.
