Barbara Cartland Books and Cover Art: The Pretty Horse

Horse-breakers were real and described just as Cartland stated during the 1800's in London. A vociferous puritan minority led an ultimately victorious assault on these laissez faire attitudes, basing a large part of their campaign on the claim that prostitutes were not willingly selling their services, but were enslaved. Rich young ladies wafted by in stunning costume.

Early and Mid

The crest of the wave in Victorian England was in full plunge. A terrible maze of misunderstanding ensues and just when Candida realises that she has lost her heart to his Lordship, the London Society that seemed so carefree turns cruel.

61 The Pretty Horse

Why did the law forbidding brothels and procuring also forbid homosexuality? Up she sprang onto the kind of horse that would set any gent back half his inheritance and off she trotted down Rotten Row. Dalton bestsellers list, a feat never achieved before or since by any author. Flora Tristan, a French woman writing in 1840, recounted a summer visit to Waterloo Road where.
