To get young people into work, we first need to understand how the workplace is changing

Have you found that doing everyday tasks are no longer as easy as they used to be and want some ideas? Where are young people going? Young people today have not only witnessed a global economic crash overseen by previous generations, but they grew up observing a world of work that is no longer applicable, according to Carnevale.

## Children and Young People: Transition to Adult Services

This Foundations, by Jenny Morris, draws on a range of research projects to identify the key barriers that many young disabled people and their families still face. But these students, even those with the most severe disabilities, have potential far beyond what they are often educated for.

## YOUNG ADULLLT

These include Tulsa County, Oklahoma; Salt Lake County, Utah; and a number of Texas counties in the Dallas, Houston, and San Antonio regions. On the other hand, almost half of the 20 places with the highest shares of employed young people with a high school diploma or less have tighter labor markets and lower unemployment rates.

## Preparing children and young people for transition into adult care

Compared to their peers from all disability groups, youth with intellectual disabilities, for example, of education, work, or work preparation after high school. The average age of marriage now stands at 27 for women and 29 for men. Becoming an adult is much more difficult than it was half a century ago.
