Exploration of the West in the 19th Century. I called Carlsbad Caverns National Park, and after three days they answered the phone, but couldn't answer any of my questions about getting back country permits. Perhaps his greatest contribution to westward expansion was a published report based on his first two expeditions in the West.

The plains and their canyons, mesas, buttes, ravines, and hoodoos are anything but plain.

How the American Hiking Society Works

These maps provided a little more information. They faced extremes of temperature, a forest fire, poachers, poison oak; on occasion, they got lost.
