Locke, John: Political Philosophy

In what follows in the First Treatise, Locke minutely examines key Biblical passages. The borders between kinds is supposed to be sharp and determinate. The executive power is then charged with enforcing the law as it is applied in specific cases.

Locke Lord

Concerning this latter category, Locke says we must depend on analogy as the only help for our reasoning. This whipped up public anti-Catholic frenzy.

Locke

One answer proposed by C. During the recent UK Premiere, producer Paul Webster recalls his initial talks with Steven Knight, in which he said; 'I want to do something quite different, in a confined space, about a guy whose life changes during the course of one car journey. That desire in turn determined my will to choose to eat pizza.'

John Locke

Soon after this the rebels in Holland sent a force of soldiers under the Duke of Monmouth to England to try to overthrow James II. The five battled the onslaught of Prometheans, which were soon led by the Warden Eternal, now utilizing another physical body. The emphasis on deterrence, public safety, and restitution in punishments administered by the government mirrors this emphasis.

John Locke (Stanford Encyclopedia of Philosophy)

This has given some commentators the impression that the making of sorts is utterly arbitrary and conventional for Locke and that there is no basis for criticizing a particular nominal essence.

Lockheed Martin Corporation

Yet the moral law cannot be garnered from consent — from mass or democratic agreement, for the voice of the people is as likely to lead to fallacies and evil. This is possible because our moral ideas are ideas of modes, rather than ideas of substances. The basic principle of justice is that the punishment should be proportionate to the crime.

Locke (2013)

Indeed, some of the most controversial issues about the Second Treatise come from varying interpretations of it. For example, Locke believes there is a simple idea of unity.
