The Social Life of Stories: Narrative and Knowledge ... (0803264097) by Cruikshank, Julie

Pressured by other systems of narrative and truth, how do Native peoples use their stories and find them still meaningful in the late twentieth century? Please note that we try to underestimate the condition of our books and deliver above expectations. Circumpolar Native peoples today experience strikingly different and often competing systems of narrative and knowledge. Circumpolar Native peoples today experience strikingly different and often competing systems of narrative and knowledge.

In 2017 Tectum Publishing became part of the Nomos family and in 2018 Ergon Publishing and Academia Publishing followed.

Cruikshank addresses these questions by deftly blending the stories gathered from her own fieldwork with interdisciplinary theoretical perspectives on dialogue and storytelling including the insights of Walter Benjamin, Mikhail Bakhtin, and Harold Innis, among others. Over 3, 000, 000 happy customers.
