The entanglement of England and Britain in terms of national identity and constitutional structures has been reflected at the level of academic study too. Is 'Jewish medicine' a valid historical category? By referring this development of identity to contemporary stages of the socio-political and historical reality of postwar Poland, this chapter traces the complex path that accompanied a process of assimilation and acculturation that might have typified a medical section of Polish-Jewish intelligentsia remaining in Poland after the war. Ultimately, she framed her life within the Catholic values of guilt, repentance and reconciliation, expressing her most unified self in a mode of personal, spiritual confession.
