Hearing range

Only a few animals have been observed to throw a few leaves on their dead.

What Is the Difference Between Humans and Animals?

Well educated, too, in religion—but to read neither poetry nor politics—nothing but books of piety and cookery.

30 + Amazing Animal Traits!

A Tasmanian wolf's skeletal structure is almost identical to that of a dog or wolf.

The science behind why some people love animals and others couldn't care less

George says quietly that he thinks he knew all along that it would never happen, but because Lennie liked the idea so much, he had started to believe it himself.

Women Can Smell a Man's Intentions

The human nose has a prominent bridge and an elongated tip which is lacking in the apes.

Humans vs Animals

Similarly, if there are two courses of action, one which causes extreme amounts of suffering and ultimate death, and one which causes much less suffering and painless death, then the latter would be morally preferable to the former. The researchers speculated that if humans do produce and respond to sweat pheromones, then a woman should respond to a guy's sexual sweat differently than she does to his normal sweat.

On Women

The utilitarian position can thus avoid certain charges of cultural chauvinism and moralism, charges that the animal rights position apparently cannot avoid.
