Judicial Accountability In India

All men pursue only what they perceive to be in their own individually considered best interests — they respond mechanistically by being drawn to that which they desire and repelled by that to which they are averse. In simple words, the courts should play an active role in shaping the policy on issues like civil rights, protection of individual rights, public morality and political unfairness.

Judicial Accountability

This marks the formal beginning of judicial activism as judging on the basis of natural law widens the scope of interpretation to an extent that requires personal opinion as natural law is not codified for it to be positively interpreted.

Judicial Accountability

Vardichand, the Court recognized the locus standi of a group of citizens who sought directions against the local Municipal Council for removal of open drains that caused stench as well as diseases. Walking this tightrope is a tough balancing act and only an institution like Indian judiciary can be looked up to perform efficiently.
