Algebra 1

You'll receive the same credential as students who attend class on campus. In this unit, we'll build on those strategies to learn how to multiply and factor algebraic expressions.

Top Algebra Courses

We'll evaluate, graph, analyze, and create various types of functions. Courses include recorded auto-graded and peer-reviewed assignments, video lectures, and community discussion forums. We'll learn how to calculate these roots and simplify algebraic expressions with radicals.

Advanced Courses · Math · Lafayette College

Khan Academy's Algebra 1 course is built to deliver a comprehensive, illuminating, engaging, and Common Core aligned experience! This helps us see their solutions. Khan Academy's Algebra 1 course is built to deliver a comprehensive, illuminating, engaging, and Common Core aligned experience! We also explore systems of inequalities multiple inequalities at the same time and use them to describe real-world situations.
