On Tikhomirovs relationship with Pokrovskii and the latters move to Novosibirsk, see S. Moreover, just like contemporaries such as Tatishchev, the Old Believer historians put heavy emphasis on the role of individual personality in shaping the course of events. Like their predecessors, the first critics of the Nikonian reforms used any polemical ammunition they could find.

## Turkskie iazyki Sibiri : sbornik nauchnykh trudov

In spite of a few mandatory Marxist-Leninist quotations, Pokrovskii situated his work within the traditional polarity of prerevolutionary populist and ecclesiastical interpretations of Old Belief. Pokrovskii has led the Novosibirsk research group almost from the beginning. Even though the discoveries of their field expeditions are their pride and joy, painstaking, their seemingly endless plodding through the main archives and collections in Russia's historic capitals and regional archives in Siberia and elsewhere is an equally critical part of their arsenal.

## Demograficheskoe razvitiye Sibiri perioda feodalizma (1991 edition)

The book was completed on the eve of World War II; its subject was too sensitive to allow publication and was long known mainly to innumerable censors. The authentic version of the work was finally published in 2000 with an introduction in which the younger Pokrovskii pointed out the timeliness of a history of Russo-Chechen interactions in both his father's time and his own.
