## The Teotihuacan Anomaly: The Historical Trajectory of Urban Design in Ancient Central Mexico

The route we took was Tlalpan to the south, and later, the Free Highway to Cuernavaca. Among the outstanding landmarks is the Observatory, located in a dark cave.

### Xochicalco

However, Xochicalco was abandoned about the same time that Tula was founded. A major strand of research right now is the development of modern human capabilities. Alongside it is the third element, the east ball court, separated by a monumental ramp paved with stone slabs engraved with images of birds, reptiles, insects and mammals, known as the Ramp of the Animals.

### Visit Archaeological Monuments Zone of Xochicalco in Xochicalco

The 1939 survey of the ship was done by a team from the Science Museum led by J K D Hutchison, a reserve officer in the Royal Navy. Survey of the 6th Century Saxon Burial Ship, Transactions of the Newcomen Society, 23 1 , 109-116 EVANS A. The poor farming conditions in the area show that it was likely built for defense purposes and trading.

### Archaeological Research at Xochicalco

At you will find an interview given by the author few weeks after she completed her PhD in mesoamerican archaeology. University Park, Pennsylvania: The Pennsylvania State University, 1995.

### Interesting ruins

Just ups and downs between hills and rivers.
