## **Appendix E**

Translational research can include the development and transfer of new technologies such as personal protective equipment, engineering controls, and sampling equipment into the marketplace or work setting. Innovation Does the application challenge and seek to shift current paradigms or industry practices by utilizing novel theoretical concepts, approaches, methodologies, instrumentation, or interventions? For purposes of this standard, a period of student trainee work experience is the equivalent of 2 months 320 hours of full-time work experience.

### **General Schedule Qualification Standards**

The following are examples of how education and experience may be combined. Such education must demonstrate the knowledge, skills, and abilities necessary to do the work.

#### **Series 300 References**

GS-2 Completion of high school or GED diploma. This technique requires an extra year or two to allow a greater number of trees to reach marketable size.
