He planned to finish it in 1942, the year his own astrological charts predicted an intersection with his own ecliptic. With the rapidly changing methods of digitizing archival materials, various debates about practical aspects of gathering, processing, storing, and incorporating material are examined across the six chapters of this collection.

### FROM YOUR CAPRICORN FRIEND

Perhaps the most particular aspect of this research is that its origins hinge around one single fan letter. If you are a life-long Miller fan, then this book might be for you. Which is why it feels so good in the hands and yields so wonderfully to the fingers.
