So why not consider a trade greased by the salve of a professional diplomacy: de facto U. Third, economic progress depends heavily on private enterprises but only so long as those enterprises do not interfere with either central government control or rising salaries and pensions. This makes it possible to say that survey results can be used to describe the general sample — all last-year students of the Academy within the specified period.

## **Putin's Legacy and United Russia's New Ideology**

Could a successor emerge with a much bigger version of Russia and its future, and use adventures like Syria to shape European and GCC efforts to work together to reshape the Middle East, why the United States is embroiled in its cold Civil War? By deploying its armed forces in Syria in relatively modest volumes, at relatively low cost and with limited losses, Russia achieved its direct aims. It is now interacting with all those in its vast neighborhood and is being guided in this by its own interests alone.
