## Taxation, Risk

As a result, many companies had to act quickly to achieve compliance with local filing requirements. There are no grandfather or transition rules for structures currently in place. However, the excise tax exemption for diesel fuel used in the generation of electricity currently applies to diesel fuel used in or by a vehicle to generate electricity, if more than half of the electricity generated is used for purposes other than the operation of the vehicle.

## Income Tax Audit Manual Chapter 27

An amount is deemed to become receivable on the day the account is rendered or would have been rendered had there been no undue delay, whichever is the earlier.

## Revealed social preferences of Dutch political parties

It is advantageous for a taxpayer to report gains from the disposition of property as capital gains, as only a portion of a capital gain is taxable the current inclusion rate is 50%, while profit arising from a business is fully taxable. Deferred cash purchase tickets Subsection 76 4 provides for the deferral of income if cash purchase tickets and other forms of settlement prescribed pursuant to the Canada Grain Act or by the minister are issued for grain delivered to a primary or a process elevator.

## Iceland: Technical Assistance Report

For more information about reserves, go to. During the time the election does not apply, examine the facts of the specific transaction to determine whether the disposition is on income or capital account.

## **Revealed social preferences of Dutch political parties**

The entire amount had to be included in income in the year the lease was signed, based on the realization principle, since it had been made with no condition or stipulation attached as to its use.

## **Budget 2016: Tax Measures: Supplementary Information**

Further, tax depreciation generally is subject to recapture on the sale or disposition of certain property, to the extent of gain, which is subject to tax as ordinary income. If the whole course of conduct indicates that in security transactions, the taxpayer is disposing of securities in a way capable of producing gains and with that object in view, and the transactions are of the same kind and carried on in the same way as those of a trader or dealer in securities, the proceeds of sale will normally be considered to be income from a business and, therefore, on income account. These amounts will also be relevant in the calculation of recapture and gains for the specific property.
