Handbook of Marriage and the Family

In general, each volume presents the taxa in phylogenetic sequence, which reflects the evolutionary relationships as we currently understand them. D. Wharton School, University of Pennsylvania, and co-author of Work and Family: Allies or Enemies? This book will be of vital interest for academics, students, family practitioners, and professionals, as well as for all those who wish to study and understand families in the contemporary world that is undergoing so much change. It is difficult for experts in the field to keep up with everything they need to know, with the information dispersed.

Handbook of World Families / Edition 1 by Bert N. Adams, Jan Trost

At a time when we are moving more and more toward a global village, this ambitious book provides evidence of world-wide trends in families and family relations.

BRAHMS: Conifers of the World

As well, a number of chapters contribute to our understanding of the complexities and politics of family life, starting with what is meant by family. The Family Text gives a general overview of each family and includes numerous color photographs illustrating members of the family in action. The handbook is divided into 8 main parts each comprising of different chapters.

Handbook of World Families (豆瓣)

Today much of that has been changed. This book will educate many about other parts of the world and the central place of families in them' - Ingrid Arnet Connidis, University of Western Ontario.

Handbook of the mammals of the world : vol. 1 : carnivores

Get hold of a copy and immerse yourself in the botanical riches within—as we all await the next generation text that will include all the families of all the groups within the Kingdom Plantae....

Handbook of Diversity in Parent Education

Top family business consultants working in those countries share their methods of helping clients increase earnings and fulfill the missions of their companies. Thoughtful conceptual pieces bring clear focus to pressing and emerging issues in the field.

Handbook of the mammals of the world : vol. 1 : carnivores

The chapter contributors have both theoretical and research knowledge as well as lived experiences of respective nation's families.
