## Home

Primitive water clocks consisted of a vessel with a scale graduated in units of time.

## Clocks and Watches

We enjoy talking about horological subjects, including related history subjects and research projects, and are always happy to look at and discuss any watch or clock that you might want to get repaired or just that you want to know more about. Of course, there are exceptions to the rule as, for instance, Big Ben in London. Most of Western countries rely on Arabic numerals, Asian countries have their own numeric system and Arabic culture uses a typography that is different from the classical Arabic numerals.

## The Invention and Development of Clocks and Watches

My Reasons for debunking the others.

## The Invention and Development of Clocks and Watches

The NAWCC is dedicated to providing association services, promoting interest in and encouraging the collecting of clocks and watches including disseminating knowledge of the same. Hourglasses are still in use today.

## Home

However, this was well after the fall of the Roman Empire.
