## Mapping the U.S.

It was established as the CSCE in July 1973, and was subsequently transformed into its current form in January 1995.

## Eurasian Economic Union

The two governments in 2013, as part of the. How to eliminate existing prejudice toward older workers among employers and coworkers? In June 2014, Belarusian Airline stated that it was ready to move towards the development of the Single Eurasian Sky.

## Extension: What is Regional Integration?

While the continent is deeply integrated for the energy systems of today, it will no doubt continue to change as regional power markets and infrastructure evolve to incorporate new technologies, capabilities, and preferences, like electric vehicles, smarter appliances for homes and grids, and a cleaner, more flexible mix of central and decentralized power generation, storage, and demand response options. In 1995, Austria, Finland and Sweden entered the EU.

## Environment

Major lakes include and , two of the.
