Lee Hayes (Author of Passion Marks)

Deep Blue, with its capability of evaluating 200 million positions per second, was the first and fastest computer to face a world chess champion. Its chess playing program was written in and ran under the. But I must say the author brings you in and don't let go until the end.

The Bad Seed by Lee Hayes

Today, in computer-chess research and matches of world-class players against computers, the focus of play has shifted to software , rather than using dedicated chess hardware. Possible ex library copy, will have the markings and stickers associated from the library. They know something is wrong with Kevin but they just don't know what exactly.

The Bad Seed by Lee Hayes

Kevin Davis is trying to deflect the angry blows from his lover, James Lancaster. Hayes steps it up with his sequel to Passion Marks.

School management and organization -- United States.
