3 Reasons Passion Fades in Relationships (+ How to Counteract it)

It is natural for sexual and physical chemistry to change over time.

Is It Chemistry Or Is It Love?

When you find this combined chemistry, it is not only worth cherishing, but also worth keeping. You have a shared vision for the life you want to create together.

Can Chemistry Be One

Most of all, you want each other to be happy. I want to be really clear about that.

How Important Is Intimacy in a Relationship

You apologize as much as necessary because keeping the loving bond between you is more important than your ego or getting what you want.

Swept Away: Why Women Confuse Love and Sex by Carol Cassell

In a successful relationship, most couples have both compatibility and chemistry. Kissing this person is even better than you could ever imagine; it weakens your knees and almost knocks you off your feet.

How Important Is Intimacy in a Relationship

Every ounce of my personal experience shows that spark makes you ignore all the red flags. This was devastating to me. Hedonic adaptation refers to how we humans adapt and become habituated to most life changes, positive or negative.

10 Ways to Regain Sexual Fire in Your Marriage

Get to the root cause to resolve the issue. But that honeymoon stage always ends and disillusionment can set in. Make him a friend first so that he will have to work harder to advance the relationship.
