The demarcation problem suggests that science is a term we use analogously. The influential view of William Heytesbury was that insolubles should be resolved in the context of an obligatio, a specialized form of disputation, and Heytesbury proposes rules for solving insolubilia as well as sophismata in this way Spade 1982, 252.

The viability of the distinction between being in act and being in potency can be confirmed by thinking about the way we commonly speak and

think.

James F. Ross (Author of Thought and World)

.

Thomas Aquinas

In addition, we situate our discussion in contemporary global issues relevant to education and schooling: gender stereotyping, bias and language; Aboriginal philosophy; environmental education; and sexuality, adolescence and discrimination.
