## Outlines of educational doctrine (Book, 1978) [mikhmon.us.to]

This fact makes Herbarts educational thought, so far as psychological bearing is concerned, seem as fresh and modern as when it was first recorded. They both supported an education which provides the opportunity to develop mental faculties and make the student think properly to find any reality.

## Outlines of Educational Doctrine (1913) : Herbart, John Frederick: mikhmon.us.to.au: Books

Education can also be defined as the process of becoming an educated person. It is in relating education to conditions of society as it now exists. New methods have indeed been applied, but the leading motive has remained empirical it has had small tendency to drift toward rational psychology.
