## Map: Introductory Chemistry (Tro)

Written and developed as a flexible print and digital resource, Introductory Chemistry is designed to serve as a teaching and learning tool to meet instructors and students where they are today and provide support and tools tailored to various learning and teaching styles.

**9781439049402**

The textbook explains the chemical concepts in a fun natured way using stories and real world examples anyone could relate to or understand. We have put in place processes to make accessibility and meeting the WCAG AA guidelines part of our day-to-day development efforts and product roadmaps.
